Indian Parent Community Consultation 4 p.m. in the School Library

Dear Parents/Caregivers,

Next Wednesday, the 3rd of April, at 4.p.m. we would like to invite parents of our Indian community to a consultation meeting.

At this meeting we would like to share with you the information from our graduate profile development. We would also like to hear from you your thoughts on our core purpose as educators, by asking you about our Puhinui Mission and Vision statements. This will be an informal workshop meeting where we will ask you to share your thoughts in small groups.

If you are able to attend this consultation meeting please consider the questions below that relate to our Mission and Vision statements. At the consultation we will discuss these questions.

- What do you like about our Puhinui Mission and Vision statements?
- What would you take out? What would you change?

Your input will be very helpful. It will give us a chance to see how our Indian community are represented in the mission and vision statements.

To view the mission and vision statements please go to our Puhinui School website via the following link: <http://www.puhinui.school.nz/mission-vision-values/>

We hope you are able to attend. If so, please complete the form below and return it to the school office by 2nd of April 2019.

Yours sincerely,

MARK ELDER,
PRINCIPAL.
